Planning a great event is tough and finding a venue that has the vibe, amenities, and a great location and getting the most out of your money is never an easy feat. The space you choose can have a huge impact on the event's overall success, which is why we prepared this short but sweet guide to event spaces in Vienna to make your life easier!

With the biggest conference room measuring over 1000 square meters, the huge screens just across the main entrance, rows of chairs and tables arranged to your requirement, A+ catering and great facilities, it's worth checking out.

The history is quite literally plastered on the walls in the form of old posters and photos. This space has a small stage with a piano on it and enough room to host around 30-40 people comfortably.
